

IF YOU ARE NEAR A FIRE

- Immediately call 112
- If you are not in danger and have suitable clothing try to extinguish small outbreaks with shovels, hoes or branches
- Avoid exposure to smoke, cover your mouth and nose with a damp cloth
- Protect the body from flames and heat with dry and long clothing
- Do not impair the actions of firefighters, forest firefighters and other rescue forces and follow their instructions
- Remove your vehicle from the access routes to the fire
- If you notice the presence of people with high risk behaviour, inform the authorities
- Avoid areas close to fires

FOLLOW THE INDICATIONS OF THE AUTHORITIES, AND THE LOCAL SAFETY AGENT

SHARE THIS ADVICE WITH YOUR FAMILY AND THE COMMUNITY

Find out about evacuation routes and places of shelter or collective refuge in your area of residence.

IN CASE OF FIRE IMMEDIATELY CALL 112

SAFE VILLAGE SAFE PEOPLE

IF A FIRE APPROACHES YOUR HOME

- Let the neighbours know
- Water walls, roof and 10 meters around house
- Close doors, windows and other openings, close blinds or shutters
- Remove furniture, tarpaulins or firewood near the dwelling
- If it is safe to do so, disconnect and remove the gas cylinders to a safe place
- Keep away from the windows anything that can burn and put wet towels in the crevices
- If you are not in danger, extinguish small outbreaks with water, earth or green branches

FOLLOW THE INDICATIONS OF THE AUTHORITIES, AND THE LOCAL SAFETY AGENT

IF YOU GET SURROUNDED BY A FIRE

- Make your way to a shelter or collective refuge. If you are not near one, look for a preferably flat area with water or little vegetation
- Breathe close to the floor, if possible with a wet cloth, to avoid inhaling the smoke
- Cover your head and the rest of the body
- Use a damp cloth to protect your face from heat and smoke

COMMUNICATE YOUR SITUATION TO THE AUTHORITIES THROUGH 112

IN CASE OF CONFINEMENT WITHIN THE BUILDING

- Keep calm
- Keep the curtains and sofas away from the windows
- Close doors, windows and other openings that allow the entrance of sparks to the interior
- Place wet towels in the crevices of doors and windows
- Stay away from walls
- Look for shelter in the rooms at the opposite end of the dwelling relative to the side where the fire is approaching
- Wait for the fire to pass, and then check for fire outbreaks surrounding the dwelling and on your roof

COMMUNICATE YOUR SITUATION TO THE AUTHORITIES THROUGH 112

IN CASE OF EVACUATION

- Keep calm and obey the authorities instructions
- Help children, the elderly and people with mobility limitations
- Take your evacuation kit and identification documents
- Do not waste time collecting unnecessary objects and do not go back
- Close the doors and windows as you move out of the dwelling
- Take pets with you
- Make your way quickly to the nearest shelter or collective refuge

COMPLY WITH AUTHORITY INDICATIONS, AND LOCAL SAFETY AGENT

HAVE AN EVACUATION KIT PREPARED WITH:

- First-aid kit
- Your usual medication
- Water and non-perishable food
- Personal hygiene products
- A change of clothes
- Radio, flashlight and whistle
- Money
- Family / friends contact list
